Rebate Agreement / Release of Liability

The Corbett Water District may deny any application that does not meet all of the toilet rebate program eligibility and requirements. The Corbett Water District reserves the right to alter or cease this program at any time. The undersigned agrees to allow the Corbett Water District, with notification, to enter upon the property to inspect the installation of the toilet(s) to assure program requirements are met. The Corbett Water District is not responsible for the quality of the toilet purchased and does not warranty any toilet, or any fixture comprising a component in any toilet, or the installation of any toilet. The Corbett Water District does not guarantee lower water bills as a result of participating in the toilet rebate program. The Corbett Water District is not responsible for any damage that may occur to applicant's property as a result of removing the old toilet or installing the new toilet under this program. The undersigned agrees to hold harmless the Corbett Water District from and against all loss, damage, expense and liability resulting from or otherwise relating to the purchase, installation, use or removal of a toilet.

By signing this form, I agree that I have read, understand, and agree to the Rebate Agreement / Release of Liability (above) and the toilet rebate program eligibility and requirements.

Corbett Water District – Toilet Rebate Program

Made possible by funding from Union Pacific

Toilets are typically the largest indoor water user. To encourage residential water customers to replace their old toilets with efficient, water-conserving models, the Corbett Water District is offering a rebate program through funding provided by Union Pacific. Under the program, Corbett Water District residential customers can receive a \$100 rebate per toilet for replacing older inefficient toilets with high-efficiency toilets (HETs). The rebate will be a credit applied to the purchaser's water account. Rebates are available on a first-come, first-serve basis. The program will end when funds are depleted.

Requirements for the rebate:

1. Your Corbett Water District account must be in good standing.
2. The new toilet must be a WaterSense toilet on the approved EPA list found at www.epa.gov/watersense.
3. You must own and live at the property where the new toilet is being installed.
4. The toilet must be installed at the address associated with your Corbett Water District Account.
5. The customer must provide a copy of the purchase receipt which clearly specifies the brand/model of the new toilet and your name as purchaser (this may require you to obtain a receipt from the customer service department).
6. In order to be eligible for the rebate, old toilets must be recycled at an approved location and a recycle receipt must be submitted with the rebate application.
7. Applications for the rebate must be received by the Corbett Water District within 60 days of the new toilet purchase.
8. Rebates are limited to two toilets per customer.
