

**CORBETT WATER DISTRICT  
RATE STUDY MEETING  
Written Summary  
October 20, 2009**

---

**Rate study committee present:** James Jans, Robert Colclessner, Malcolm Freund, Dave Mysinger.

Rate study committee chairman **James Jans** called the meeting to order at 6:15 p.m.

**APPROVAL OF THE AGENDA**

Agenda followed as written.

**RATE STUDY**

A list of the projects from the 1995/2005 water master plan was distributed to the member of the rate study committee, as well as news articles regarding the Chenowith PUD rate increase. Chenowith PUD has not had a rate increase in many years and had to raise the rates dramatically in a short amount of time, infuriating customers. **James Jans** states that in order to keep receiving an adequate revenue to run the District we will need to slowly raise the rates each year if needed, thus avoiding a dramatic overload on the community. He would like the rate study committee to review these upcoming projects prior to the next meeting held on November 17, 2009, at which time they can discuss the funding that will be needed.

Meeting was adjourned at 6:25 p.m.
